DREAM PRINTING

We provide exceptional printing for orders for all our present artists.

- **Print cost and a 5% print processing fee** are deducted from artist's proceeds.
- Orders are processed and shipped often within 24 hours by our premium, elegant printers in Europe. Smooth, timely handling of all communications.
- Proceed payments are made via Transferwise or Paypal, by artist's preference, generally within 48 hours of receiving an order.
- Upon joining, see our **Dreams In Time Metadata pdf** for details of print file and metadata requirements.

We have an established workflow and amazing turnaround with our printers — orders ship from London or Dusseldorf, based on destination, with tracking globally. Likewise, print mediums are exceptional and consistent across orders to our buyers.

Artists may choose to handle their own prints should they wish. Inform us with all details if so.

- Split is [50/50](#) with print costs and efforts by the photographer.
- Clear, timely communication, and a quick turnaround with tracking are required for all orders.

We highly recommend our Dream Printing for both consistency of quality and delivery to our buyers, beyond effortless passive income for our artists.

We have developed a wonderful relationship with our printer over the years through our successful mother gallery [Dakini As Art](#).
